Registration / Clearance Form

(To be filled out by players requiring a Clearance, signed where requested and delivered to ISV office).

Players who are registered with one club and wish to play with another club must get a Clearance from their existing club whether or not they played for the club. Players who, for reasons other than suspension, have not played for 12 months will be exempt from requiring a Clearance.

1. Clearances must be officially recognised by ISV. The information requested on both sides of this form must be provided and checked before the Clearance is approved.
2. This form with all information correctly filled out on both sides must be received at the latest with the results of the game the player first plays in. The penalty for not supplying the information on time is:
 - a) loss of all points earned in the game in which player participated.
 - b) loss of player's votes if any.
 - c) loss of game as part of uncleared player's finals qualification.

3. COOLING OFF PERIOD

Clearance applications cannot be refused except where players owe their club money or must return the club's property. However, if a player is making a hasty decision they can claim a 'cooling off' period. The aim of this is to allow both player and club time to resolve differences if the club believes they have a chance at retaining the player's services.

A club may claim a 'cooling off' period of ten (10) clear days from the date of a request for a Clearance. The claim must be noted in the appropriate section on the form. ISV is to be advised if a 'cooling off' period has been claimed but the form must still be passed onto ISV. After ten (10) clear days from the date of the request, ISV will contact the player's new club to confirm if they still require the Clearance. If so, the Clearance will be automatic.

The player can play on the 11th day after the date shown against the old club manager's signature. Players can only play with their existing club during the period.

Clubs may give full Clearance approval before the 'cooling off' period is due for completion.

Players subject to a 'cooling off' period which carries past the Clearance deadline will still be eligible to play for their proposed new club at the end of the period.

4. Clearances can be applied for in the following ways:

STANDARD CLEARANCE

Fill out the appropriate section below and the information on the other side of the form and have the manager of the old club sign it.

VERBAL CLEARANCE

Fill out the information in the appropriate section below and on the other side of this form and have the new club manager request a verbal approval from the old club manager. If this is done it is to be noted in the appropriate section below and the ISV office contacted immediately so it can confirm the conversation took place.

This method is only to be used when a player is unable to get a Standard Clearance in time to play through geographical restrictions and anticipated delays in the mail.

Only club managers can give verbal authority to clear players. Managers are not obliged to give Verbal Clearances and can request a 'cooling off' period or insist upon signing the form under the 'Standard' system.

5. SIGNATURES AND DATES

All Clearance applications must be signed and dated in the appropriate sections immediately upon receipt. ISV is to be advised if this is not done.

6. CLEARANCE DEADLINE

In each Clearance period, a deadline will be set after which Clearances cannot be applied for. Usually this will allow enough rounds in which the player can become eligible to play finals for their new club.

7. CLUB RISK

Clubs are encouraged to check with the ISV Office to see if players belong to other clubs. Clubs who play players without first checking if they require a Clearance acknowledge the risk involved in the event that the player is not eligible. Enquiries can be made up to 5.00pm Friday prior to competition. Ignorance of the rules is not accepted as an excuse for playing an ineligible player.

8. FALSE INFORMATION

Players and/or clubs who provide false information will be subject to penalty at the discretion of the tournament organisers.

Players seeking a Clearance must complete details on both sides of the form.

FILL OUT ONLY ONE (1) OF THE FOLLOWING:
