

## **PLAYER POINTS SYSTEM FOR INDOOR NETBALL STATE REPRESENTATIVES**

---

All Indoor Netball State level players will be allocated a player value. Open players hold their points for 4 years, Masters players hold their points for 3 years, 21 & 23/Under players hold their points for 2 years. For every year you don't play state, it is -1 point. Australian players, touring only (not including shadow players) incur an extra +2 points.

\*Home grown players have -2 deducted from their points (only applies to state players). A home grown player is the team you played for in last season (2014 Superleague), and haven't cleared from.

Each team has a maximum of points depending on the division they play, as follows:

<b>Grade</b>	<b>Points</b>
Mixed & Women A	45 Points
Mixed & Women B	35 Points
Mixed & Women C	25 Points

If a team goes over their allocated point limit, the result will be overturned. It is each clubs responsibility to make sure their teams do not go over the points limit.

State level players will be given points as follows (note: if players play in both Open and Masters, they are worth 10 points):

<b>State Team</b>	<b>Points</b>
Open Men, Mixed & Women	10 Points
Masters Mixed & Women	7 Points
23 & Under Mixed	5 Points
21 & Under Women & Mixed	2 points
16 & 18 Under Women & Mixed	0 points

**\*\* Players accumulate points from the previous year \*\***
